COMES NOW the Defendant, William Osborne, by and through his attorney, Randall S. Cavanaugh of KALAMARIDES & LAMBERT (in conjunction with Robert Bundy and the Innocence Project), and hereby moves this court for an order preventing the State of Alaska from unilaterally testing the evidence. The court has issued an order

granting summary judgment on behalf of Osborne for further testing. Counsel for Osborne does not want the evidence to be tested by the State of Alaska until the parties have reached an agreement for protocols for handling the evidence. The order would prevent any disagreements concerning chain-of-custody.

Plaintiff is paying for the testing of the biological evidence at the lab we are selecting. The State of Alaska has indicated they are appealing the decision by this court and are going to seek a stay on any testing of the biological evidence. It would be inappropriate for the losing party to undermine the integrity of the evidence by any kind of examination while the appeal is pending.

Counsel has faxed a letter to the State of Alaska's representative, Ms. Simel, about setting up a conference call to discuss the matters, but have not received a response back. Counsel notes that Mr. Bundy is out of the office at this time.

DATED this 11th day of August, 2006, at Anchorage, Alaska.
